

Request for Quote

Water Main Boring at North Carroll Street to West Larkin Street

Project Summary:

The City of Athens is requesting quotes for water main boring services. The bore will consist of 320 feet from North Carroll Street, going west through the city owned parking lot (just north of the East Tyler Street Businesses). At 320 feet, the bore will turn north for an additional 200 feet.

The water main material will be 6" diamond lock piping with tracer wire running with piping.

Deadline:

Quotes must be received by 12:00pm April 20, 2017.

Contact:

Interested vendors are encouraged to contact Marion Klutts, Utilities Superintendent, for more detailed information and to submit a quote:
